Sign up for 8 Blocks of classes. If you select a class that is worth .5 credits, you need to have another .5 credit to balance it (for example, if you take Foods I, you should also take another .5 credit class like Computer Technology; if you take PE, you should also take another .5 credit class like Health)

Please complete the Personal Plan of Study on the back of this worksheet. Fill out all information about career clusters, college plans and diploma options. You must include Alternate Classes for electives in case your first choice is not available. Fill out the 4-year plan the best you can. For Grade 9 transfer the classes you have selected on this page. You can just write IB classes for upcoming years in English, Math, Science, Social Studies, and Modern Language. Make sure you sign the form and have a parent sign the form. We need a phone number in case we have questions about your choices.
